

## Major Morning News

### Palestine Exchange

- According to Palestine Securities Exchange Company PSE's data for the first nine months of the year, net profit after taxes reached 277,376 USD, compared with a net loss of (402,814) USD from the first nine months of 2013.
- Palestine Monetary Authority PMA has released the results of its Business Cycle Index (PMABCI) for October 2014. The results showed that the overall PMABCI witnessed a relative recovery by increasing from -36.1 point in September to around -13.1 point in October. This improvement came due to the cease of the Israeli attack on Gaza Strip. But compared with the corresponding month of 2013, the index shows a decline, where it was -0.6 point.

### Egypt Stock Market

- Cairo Poultry POUL reported its unaudited consolidated financial results in the nine months to September 2014 posting a 6% decline in post-tax profits to LE117.77 million, down from LE125.34 million in the same period a year earlier.
